What is CALYBIOTA® BIO?

CALYBIOTA® Bio is a microbiota-friendly active ingredient, rich in polysaccharides and sustainably extracted from red kapok tree (*Bombax costatum*) flowers.

Why it Matters:

- A balanced microbiome reduces the risk of irritation, infections, and discomfort, making HighOnLove ideal for people with sensitive or reactive skin.
- CALYBIOTA® BIO boosts the natural defenses of the intimate area, enhancing the skin's barrier and protecting it from external stressors.
- CALYBIOTA® BIO calms irritation and supports hydration, making HighOnLove perfect for addressing vaginal dryness and discomfort.

By incorporating CALYBIOTA® BIO, HighOnLove CBD Stimulating Oil transcends the category of intimacy enhancers to become a comprehensive intimate wellness product. HighOnLove caters to both immediate pleasure and long-term intimate health.
